### **How to participate:**

The event will be held on WebEx and will feature a film screening, followed by the panel discussion.

**Step 1:** Register for the event by 6 March [here](#). You will receive a confirmation email with the link to the event.

**Step 2:** Join the event on WebEx on 7 March with the link provided upon registration.

After a short introduction, the link to the film will be shared in the WebEx chat. After watching the film, join us for the discussion using the same WebEx link. For further information, please write to [unis.vienna@un.org](mailto:unis.vienna@un.org)

### **Film synopsis:**

PICTURE A SCIENTIST chronicles the groundswell of researchers who are writing a new chapter for women scientists. Biologist Nancy Hopkins, chemist Raychelle Burks, and geologist Jane Willenbring lead viewers on a journey deep into their own experiences in the sciences, ranging from brutal harassment to years of subtle slights. Along the way, from cramped laboratories to spectacular field stations, we encounter scientific luminaries - including social scientists, neuroscientists, and psychologists - who provide new perspectives on how to make science itself more diverse, equitable, and open to all. More information [here](#).
