Drawing on decades of work by the world’s most famous living ethologist and environmentalist, Jane Goodall - Reasons for Hope is an uplifting journey around the globe to highlight good news stories that will inspire people to make a difference in the world around them. Throughout, the film reinforces Jane’s four pillars of hope that signal tremendous hope for the future: the amazing human intellect, the resilience of nature, the power and dedication of young people, and the indomitable human spirit.
